

THE GOVERNOR GENERAL • LA GOUVERNEURE GÉNÉRALE

For the past 50 years, Theatre Passe Muraille has been provoking thought and embracing inclusion in a way that is second to none. Year after year, it has opened its iconic red doors to new ideas, making way for daring and diversity. Its productions, which bring people together, draw inspiration from the community while giving it a voice.

Theatre is a powerful form of art and knowledge. I commend the artists, producers, audiences and all those who bring this wonderful organization to life. Together, you are overcoming obstacles and pushing past barriers, ensuring a promising future.

Continue to aim high and broaden your horizons!
